Directors' Report

The Directors present their report on Bali Children Foundation Limited together with the financial statements for the year ended 30 June 2021 thereon.

Directors

The following persons were Directors of Bali Children Foundation Limited during or since the end of the financial year:

- Paul Wheelton - Chairperson
- Angela Wheelton
- Lindsay Beer
- Brayden Smith – Appointed 15 June 2022

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Board Members

The following persons were Board members of Bali Children Foundation Limited during or since the end of the financial year:

- Drew Stanmore – Honorary Treasurer
- Ashleigh Beer
- Mark Whatley
- Mike Dolbey
- Nicole Porritt
- Sandy Bell
- Leigh O'Neil
- Margaret Barry

Company Secretary

Lindsay Beer is the managing director of Chatsworth Constructions a large construction company which specialises in domestic and commercial work and has been involved in a number of other not for profit entities including being a board member of Life Education Victoria.

Lindsay has been the Company Secretary of the Bali Children Foundation Limited since 08 August 2016.

Principal activities

During the year, the principal activities of Bali Children Foundation Limited was to raise funds to aid:

- Financially disadvantaged children;
- Children in extreme poverty and lacking educational opportunities in Bali Indonesia;
- Advancing social or public welfare
- Overseas communities and charities

Bali Children Foundation Limited provides direct relief for persons suffering from poverty, sickness, suffering, distress, misfortune, disability or helplessness in Australia and overseas.

There have been no significant changes in the nature of these activities during the year.

Review of operations and financial results

A review of the operations of the Company during the financial year and the results of those operations found that due to the ongoing COVID19 pandemic general donations were again lower for the year to \$207,906 (2020: \$273,080), an increase in child sponsorship payments to \$144,776 (2020: \$60,815) and a small increase in function & Event income to \$182,650 (2020: \$165,150). Due to the realisation of investments the Company profit for the financial year amounted to \$108,724 (2019: \$96,973 Loss).

Going Concern Without Material Uncertainties

Management has considered the consequences of COVID-19 and other events and conditions, and it has determined that they do not create a material uncertainty that casts significant doubt upon the entity's ability to continue as a going concern.

The impact of COVID-19 on future performance and therefore on the measurement of some assets and liabilities or on liquidity might have some impact, though not significant, for example, in relation to expected revenue from donations and Event and Function fees and the effects on some future asset valuations. Management has determined that they do not require additional disclosure than what has already been disclosed.

Significant changes in state of affairs

No significant changes in the Company's state of affairs occurred during the financial year.

Short-term objectives

The Company's short-term objectives are to:

- offer support services that directly relieves poverty, sickness, suffering, distress, misfortune, disability, destitution or helplessness in Bali.
- support underprivileged people by engaging all sectors of the community in ongoing partnerships and support programs;
- providing community-based education, including an emphasis on education in computers and English language, to children in great need in remote areas of Bali;
- providing safe and secure children's homes where needed;
- providing specialised development and relief services for disabled students or children facing severe health challenges; and
- providing scholarships for further study to students who would otherwise not be able to afford to continue their studies.

Long-term objectives

The Company's long-term objectives are to:

- To provide community education in remote areas of Indonesia;
- To provide primary, secondary and tertiary scholarships to children in 49 communities;
- To provide English in the Village (EITV) and Computers in the Village (CITV) classes in 36 locations; and
- To provide educational opportunities to children at associated Children's Homes.

Strategy for achieving short and long-term objectives

To achieve these objectives, the company has adopted the following strategies:

- a) Bali Children Foundation strives to attract and retain quality staff and volunteers who are committed to the company's objectives, and this is evidenced by low staff turnover. The company believes that attracting and retaining quality staff and volunteers will assist with the success of the company in both the short and long term;
- b) staff and volunteers work in partnership with a range of community stakeholders, and this is evidenced by ongoing support of the Company's projects and initiatives. The Company ensures community stakeholders understand and are committed to the objectives of the Company through ongoing education in order for the projects to succeed;
- c) staff and volunteers are committed to creating new and maintaining existing programs in support of the underprivileged people. Committed staff and volunteers allow the Company the ability to engage in continuous improvement;
- d) the Company's staff and volunteers strive to meet consistent standards of best practice and provide clear expectations of professional accountabilities and responsibilities to all stakeholders.

Contribution in winding up

The Company is incorporated under the Corporations Act 2001 and is a Company limited by guarantee. If the Company is wound up, the constitution states that each member is required to contribute a maximum of \$10 each towards meeting any outstanding obligations of the entity.

At 30 June 2021 the total amount that members of the Company are liable to contribute if the Company wound up is \$10.00 (2020: \$10.00)

Events Subsequent to the End of the Reporting Period

The ongoing COVID-19 pandemic and measures taken by various governments to contain the virus including locking down borders and having movement restrictions again negatively affected the company's results in the reporting period.

Measures taken by various governments to contain the virus have affected economic activity and the Company's business in various ways:

- Due to government measures taken, we had to restrict events and fundraising campaigns due to social distancing requirement, however these restrictions have now been eased and should not impact future years.
- The reduction of economic activity/requirement to not have public events resulted in a significant reduction in donations.
- Various government grants and assistance payments were not available to the Company for the impact of the COVID-19 pandemic.

As a result of these effects our cumulative revenue in the first 6 months of 2021 was approximately 34% lower than our pre COVID-19 results in the 2019 financial year. Depending on the duration of the COVID-19 pandemic and continued negative impact on economic activity, the Company might experience further negative results, and liquidity restraints and incur additional impairments on its

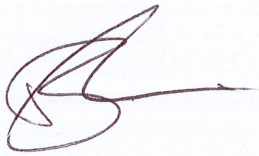

assets in 2022. The exact impact on our activities in the remainder of 2022 year and thereafter cannot be predicted. We also refer to note 13 Event After Reporting Date.

We will continue to follow the various government policies and advice and, in parallel, we will do our utmost to continue our operations in the best and safest way possible without jeopardising the health of our people.

Auditors Independence Declaration

A copy of the Auditor's Independence Declaration as required under section 60-40 of the Australian Charities and Not-for-profits Commissions Act 2012 and s.307C of the Corporations Act 2001 is set out in page 5 of this financial report and forms part of the Directors' Report.

Signed in accordance with a resolution of the Directors.

Bali Children Foundation Ltd
ABN 48 614 111 563
Notes to the Financial Statements
For the year ended 30 June 2021

Note 1: Summary of Significant Accounting Policies

The Directors of Bali Children Foundation Ltd have prepared the financial statements on the basis that the Company is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial report is therefore a special purpose financial report that has been prepared for the purpose of complying with Division 60 of the Australian Charities and Not-for-Profits Commission Act 2012 and Corporations Act 2001.

The financial statements cover Bali Children Foundation Ltd as an individual entity and are presented in Australian dollars which is the functional and presentation currency of the Company. The Directors have determined that the accounting policies adopted are appropriate to meet the needs of the members of Bali Children Foundation Ltd.

These financial statements have been prepared in accordance with the recognition and measurement requirements specified by the Australian Accounting Standards and Accounting Interpretations and the disclosure requirements of AASB 101 *Presentation of Financial Statements*, AASB 107 *Statement of Cash Flows*, AASB 108 *Accounting Policies, Changes in Accounting Estimates and Errors*, AASB 1054 *Australian Additional Disclosures*.

The financial statements for Bali Children Foundation Ltd were authorised for issue by the Board of Directors of the Company and cover the period 1 July 2020 to 30 June 2021.

Basis of Preparation

The financial statements, except for the cash flow information have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

The Company has adopted all of the new, revised or amending Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board, which are relevant to and effective for the Company's for the current period.

None of the amendments have had a significant impact on the Company

Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise

(a) Foreign Currency Transactions and Balances

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction.

Exchange differences arising on the translation of monetary items are recognised in the income statement, except where deferred in equity as a qualifying cash flow or net investment hedge.

(b) Revenue

The Company recognises revenue under AASB 1058 or AASB 15 when appropriate. In cases where there is an 'enforceable' contract with a customer with 'sufficiently specific' performance obligations, the transaction is accounted for under AASB 15 where income is recognised when (or as) the performance obligations are satisfied (i.e. when it transfers control of a product or service to a customer). Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with parties.

Bali Children Foundation Ltd
ABN 48 614 111 563
Notes to the Financial Statements
For the year ended 30 June 2021

(b) Revenue

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed.

Membership and event income

Fees and subscriptions received are initially recorded as income in advance and recognised in revenue evenly over the membership period.

Where members purchase specific services, for example attendance at functions or entrance fees at events, the revenue is initially recorded as revenue in advance, and then recognised upon delivery of the service to the member or when the function takes place.

Donations, Fundraising, Bequests

Donations and fundraising collected, including cash and goods for resale, are recognised as revenue when the Group gains control, economic benefits are probable and the amount can be measured reliably.

Bequests are recognised when the legacy is received. Revenue from legacies comprising bequests of shares or other property are recognised at fair value, being the market value of the shares or property at the date the Group becomes legally entitled to the shares or property.

Grants / Bequests

A number of the Group's programs are supported by grants received from various sources including bequests. If conditions are attached to the grant which must be satisfied before the Group is eligible to receive the contribution, recognition of the grant as revenue is deferred until those conditions are satisfied.

Where a grant is received on the condition that specified services are delivered to the grantor or other organisations, this is considered a reciprocal transaction. Revenue is recognised as services are performed and at year end a liability is recognised until the service is delivered.

Revenue from a non-reciprocal grant that is not subject to conditions is recognised when the Group obtains control of the funds, economic benefits are probable and the amount can be measured reliably. Where a grant may be required to be repaid if certain conditions are not satisfied, a liability is recognised at year end to the extent that conditions remain unsatisfied.

Where the Group receives a non-reciprocal contribution of an asset from a party for no or nominal consideration, the asset is recognised at fair value and a corresponding amount of revenue is recognised.

Sale of Goods

Revenue from the sale of goods is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and the cessation of all involvement in those goods.

Bali Children Foundation Ltd
ABN 48 614 111 563
Notes to the Financial Statements
For the year ended 30 June 2021

(c) Trade and Other Receivables

Trade and other receivables include amounts due from members for membership fees, unpaid event fees or for services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade and other receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment.

(d) Inventories

Inventories are measured at the lower of cost and net realisable value. Costs are assigned on the basis of weighted average costs. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(e) Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the Company that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(f) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or valuation as indicated less, where applicable, any accumulated depreciation and impairment losses.

Plant and Equipment

Plant and equipment are measured at cost less depreciation and impairment losses. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit or loss and other comprehensive income during the financial period in which they are incurred.

Depreciation

Depreciation is provided on a straight-line or diminishing value basis on all property, plant and equipment, at rates that will write off the cost of the assets to their estimated residual values over their useful lives. The depreciation rates and useful lives associated with major classes of assets have been estimated as follows:

- Buildings	40 years
- Furniture and fittings	4 to 10 years
- Office equipment	4 to 10 years
- Computer hardware	2 to 3 years

(g) Income Tax

As the Company is a charitable institution in terms of subsection 50-5 of the Income Tax Assessments Act 197, as amended, it is exempt from paying income tax

Bali Children Foundation Ltd
ABN 48 614 111 563
Notes to the Financial Statements
For the year ended 30 June 2021

(h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

(i) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to entities in the Company are classified as finance leases.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

(j) Impairment of Assets

At the end of each reporting period, property, plant and equipment, intangible assets and investments are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount and an impairment loss is recognised immediately in profit or loss.

(k) Employee Benefits

Short-term employee benefits are current liabilities included in employee benefits, measured at the undiscounted amount that the Company expects to pay as a result of the unused entitlement. Annual leave liability is still presented as current liability for presentation purposes under AASB 101 *Presentation of Financial Statements*.

(l) Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(m) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the statement of financial position.

Bali Children Foundation Ltd
ABN 48 614 111 563
Notes to the Financial Statements
For the year ended 30 June 2021

(n) Critical Accounting Estimates and Judgments

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The estimates and judgments incorporated into the financial statements are based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

(o) Impairment of Assets

At the end of each reporting period, property, plant and equipment, intangible assets and investments are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount and an impairment loss is recognised immediately in profit or loss.

(p) Financial Instruments

Initial recognition and measurement

Financial instruments, incorporating financial assets and liabilities, are recognised when the entity becomes a party to the contractual provisions of the instrument. Trade date accounting is adopted for financial assets that are delivered within timeframes established by marketplace convention.

Financial instruments are initially measured at fair value plus transactions costs where the instrument is not classified as at fair value through profit or loss. Financial instruments are classified and measured as set out below.

Financial assets at fair value

Financial assets are classified at fair value through profit or loss when they are held for trading for the purpose of short term profit taking, where they are derivatives not held for hedging purposes, or designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method.

Held-to-maturity investments

These investments have fixed maturities, and it is the Company's intention to hold these investments to maturity. Held-to-maturity investments held by the Company are stated at amortised cost using the effective interest rate method.

Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost using the effective interest rate method.

Provision for employee benefits

Provision for employee benefits represents amounts accrued for annual leave and long service leave.

The current liability portion for the provision includes the expected amount of annual leave and long service leave balances to be settled within the next 12 months. These amounts are classified as current liabilities since the company does not have an unconditional right to defer the settlement of these amounts upon wind up of the entity.

The non-current portion for this provision includes amounts accrued for long service leave entitlements that have not yet vested in relation to those employees who have not yet completed the required period of service.

Note 13: Covid-19

The outbreak of COVID-19 in early 2020 has caused significant disruption to the global economy and economic conditions and has caused extreme volatility in markets. The government has announced a series of measures aimed at preventing the spread of COVID-19 and tax concessions and stimulus packages to assist businesses and individuals. The board is still in the process of quantifying the overall impact of COVID 19 on the entity. In addition, the board recognises that the situation associated with the management of COVID-19 continues to evolve on a daily basis and it is difficult to estimate with any degree of certainty the resulting impact (financial and operational) which this may have on the entity and its future results and financial position.

Note 14: Events After the Reporting Date

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Note 15: Going Concern

Management has considered the consequences of COVID-19 and other events and conditions, and it has determined that they do not create a material uncertainty that casts significant doubt upon the Company's ability to continue as a going concern.

Note 16: Company Details

The registered office of the Company is:

Bali Children Foundation Ltd

Directors Declaration

In accordance with a resolution of the Board of Bali Children Foundation Ltd, the Directors declare that:

- 1 the incorporated Company is not a reporting entity because there are no users dependent on general purpose financial statements. Accordingly, as described in note 1 to the financial statements, the attached special purpose financial statements have been prepared for the purposes of complying with the Victorian legislation the Company's Incorporation Act 1981 and associated regulations
 - 2 The attached financial statements and notes thereto comply with Australian Accounting Standards, as described in Note 1 to the financial statements; and
 - 3 The attached financial statements and notes thereto give a true and fair view of the financial position as at 30 June 2021 and of the performance for the reporting period ended on that date of the Incorporated Company.
- 2 In the Directors opinion, there are reasonable grounds to believe that the Incorporated Company will be able to pay its debts as and when they become due and payable.

Signed In accordance with subsection 60.15(2) of the Australian Charities and Not-for-profit Commission Regulation 2013

On behalf of the Directors

Director – ~~Paul Wheelton~~ BRAYDEN SMITH

Director – Lindsay Beer

Independent Auditor's Report

To the Directors of Bali Children Foundation Limited

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the accompanying financial report of Bali Children Foundation Limited (The Company), which comprises the statement of financial position as at 30 June 2021, the statement of profit and loss, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the reporting period then ended, notes to the financial statements including a summary of significant accounting policies and other explanatory information, including the director's declaration.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph of our report, the financial report of Bali Children Foundation Ltd has been prepared in accordance with *Division 60 of the Australian Charities and Not-for-Profits Commission Act 2012*, including:

- (a) giving a true and fair view of the Company's financial position as at 30 June 2021 and of its financial performance for the period then ended; and
- (b) complying with Australian Accounting Standards to the extent described in Note 1, and *Division 60 the Australian Charities and Not-for-profits Commission Regulation 2013*.

Basis for Qualified Opinion

As is common for not-for-profit organisations, it is not practicable for the company to maintain an effective system of internal control over income including donations and other voluntary income, until their initial entry into the accounting records. Accordingly, our audit on the company's income was limited in this regard and therefore we are unable to express an opinion on whether income including donations and other voluntary revenue is complete.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

Without further qualification to the opinion expressed above, we further draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Company's financial reporting responsibilities under the ACNC Act. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Emphasis of Matter – Effects of COVID-19

We draw attention to Note 13 COVID-19 to the financial statements, which describes the uncertainties and possible effects on the entity arising from its management of the on-going issues related to COVID. Our opinion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The Directors' of Bali Children Foundation Limited are responsible for the preparation of the financial report to ensure it gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the ACNC Act and the needs of the members. The Directors' of the Company responsibilities also includes such internal control as the Directors of the company determine are necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors of the company are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercised professional judgement and maintain professional scepticism throughout the audit. We also:

- 1) Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Company.

- 4) Conclude on the appropriateness of Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we concluded that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5) Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

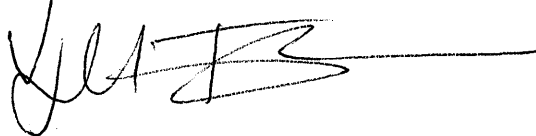

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
